Form A  Dissemination of information

Article 13, paragraph 4 (a) “The High Contracting Parties shall provide annual reports to the Depositary […] on […]:

(a) dissemination of information on this Protocol to their armed forces and to the civilian population;”

Remark:

High Contracting Party: Republic of AUSTRIA

Reporting for time period from: 01 01 2019 to: 31 12 2019

INFORMATION TO THE ARMED FORCES:
The information submitted in the previous report 1st January - 31 December 2018 remains valid. Austria considers that there is no further need for specific implementation measures flowing from the contents of the amended Protocol II with regard to anti-personnel mines and booby-traps due to the implementation of the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-Personnel Mines and on Their Destruction and of the Federal Law on the Ban of Anti-Personnel Mines (Federal Law Gazette I Nr. 13/1997). The destruction of stockpiles of anti-personnel mines was completed in 1995 and the use of booby traps was prohibited by Federal Act (see also remarks made under Form D). All existing regulations with regard to the provisions of amended Protocol II had been corrected by the end of 1999 on a provisional basis. Instruction and training of soldiers is going on and encompasses active personnel as well as non-active personnel when activated temporarily for routine military activities.

INFORMATION TO THE CIVILIAN POPULATION:
There are no changes to the previous reports concerning the period 27th January 1999 to 31st December 2018. Since amended Protocol II has been transformed into Austrian law the content has been published and is therefore available to the civilian population.

**MINE CLEARANCE PROGRAMMES:**
As indicated previously, Austria is a non-mine-affected country (including mines, booby traps and other devices). Nevertheless UXO and APM discoveries, left from previous wars, do occur.

The demining service is an independent department within the Ministry of Defence. This service was transferred from the Ministry of the Interior to the Ministry of Defence on January 1, 2013. A report on the discovered war material of all kinds and all levels of dangerousness is published annually.

In the reporting period, following types of ERW (regarding to internationally notifiable types of ammunition) were found and destroyed:
83 cluster bombs
3 anti-personnel mines

**REHABILITATION PROGRAMMES:**
During the reported time period no person in Austria became a victim of mines, booby-traps or other devices. Despite that fact Austria has been developing and establishing a variety of acts and principles to ensure social security and, depending on particular situations, full rehabilitation.
Form C  Technical requirements and relevant information

Article 13, paragraph 4 (c)  “The High Contracting Parties shall provide annual reports to the Depositary […] on […]:

(c) steps taken to meet technical requirements of this Protocol and any other relevant information pertaining thereto;”

Remark:

Republic of AUSTRIA

Reporting for time period  
from: 01 01 2019 to: 31 12 2019

dd/mm/yyyy

to: dd/mm/yyyy

TECHNICAL REQUIREMENTS:
The response given by Austria in its previous reports covering the period 27th January 1999 to 31st December 2018 remains valid for this reporting period. The Austrian Armed Forces do not possess mines, booby-traps and other devices which are not in compliance with the technical provisions of this Protocol or which would be in contradiction with the obligations from other international treaties. The Austrian Armed Forces will not use improvised explosive devices which are not in compliance with the technical provisions of this Protocol. The Austrian Armed Forces are prepared to record and mark locations of any weapons covered by this Protocol in accordance with the respective provisions.

ANY OTHER RELEVANT INFORMATION:
Austria did not claim for deferment of compliance with respect to Art.2.c. and 3.c. of the Technical Annex.  
There are no indications of Austrian companies producing weapons, which are not in compliance with the provisions of amended Protocol II or which would violate other treaty obligations entered by Austria.
