Meeting of the States Parties to the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction

2015 Meeting
Geneva, 14-18 December 2015

Meeting of Experts
Geneva, 10-14 August 2015
Item 9 of the agenda
Adoption of the factual report reflecting the deliberations of the meeting

Report of the Meeting of Experts

Submitted by the Chairman

Annex I [English only]

Agenda item 7:

2. Ways and means to enhance national implementation, sharing best practices and experiences, including the voluntary exchange of information among States Parties on their national implementation, enforcement of national legislation, strengthening of national institutions and coordination among national law enforcement institutions

Entry of Argentina should read

Argentina recalls the necessity of a common approach to face obstacles and difficulties in the implementation of the Convention. It is not sufficient to accede to the Convention and approve its laws and necessary regulation, if this is not accompanied by budgetary, educational and operational measures, with the participation of all the national actors, that are considered necessary for the full achievement of the objectives of the Convention. Regional and multilateral cooperation may play a key role in this respect.
